Head Nurse

Nursing · Nursing & Allied Health

Job title	Head Nurse	**Job code**	JD-HRM-023
Department	Nursing	**Division**	Nursing & Allied Health
Grade	N4	**Reports to**	Nursing Director
Supervises	Charge Nurses, Staff Nurses and support staff on the unit	**SCFHS licence**	Yes — Category 4 — Nurse

Job Summary

Leads and demonstrates the provision of safe, patient- and family-focused quality care. Responsible for 24-hour management of the assigned nursing unit. Assesses, plans, directs, implements, and evaluates patient care to comply with established standards, CBAHI accreditation requirements, and Nursing Affairs strategic goals.

Essential Duties & Responsibilities

1. Provides 24-hour management and leadership of the assigned nursing unit. Strives for excellence and promotes effective teamwork and interdisciplinary relationships across the unit.
2. Ensures that nursing and support teams work flexibly and supportively together and that the objectives for the assigned unit are delivered in accordance with established standards of care.
3. Evaluates patient acuity, develops and reviews criteria for work assignments and the care delivery model. Ensures effective day-to-day skill mix and staff management. Determines and reviews staffing plans and scheduling systems regularly as staffing, skill mix, and acuity change.
4. Leads collaborative multidisciplinary partnerships working toward the achievement of unit and departmental goals. Works closely with physicians and other disciplines to ensure effective and efficient service delivery.
5. Leads and demonstrates achievement of clinical quality outcome indicators and patient satisfaction as per unit goals. Develops evidence-based nursing practice in collaboration with Charge Nurses and staff.
6. Promotes a culture within the clinical environment that challenges and questions practice, promotes critical thinking, and supports evidence-based care among all staff members.
7. Ensure resources availability and promote utilization awareness and associated financial implications. Leads achievement of cost efficiency on unit as per targets. Prepares annual budget and provides variance reports. Forecasts requirements for personnel, supplies, and equipment.
8. Ensures ongoing individual performance appraisals are objectively completed for all unit staff against set criteria. Assists with action plans arising from appraisals. Advises, counsels, and disciplines staff as necessary.
9. Supports staff recruitment, encourages and promotes the retention of all staff. Assists and supports staff in identification, development, and implementation of career development plans.
10. Leads and demonstrates achievement in meeting Saudization targets and nationality mix in areas of responsibility, consistent with the Nursing Affairs strategic plan. Collaborates with Nursing Education for training of Saudi nursing students.
11. Demonstrates excellent communication and teamwork. Treats colleagues, patients, and visitors with dignity and respect. Conducts and facilitates unit meetings and maintains minutes.
12. Establishes and maintains effective administrative processes on the unit. Prepares quarterly reports and maintains records of activity and outcomes.

13. Contributes to the development and evaluation of hospital-wide policies and procedures. Participates on nursing and interdisciplinary committees and task forces as assigned.
14. Develops and sustains own knowledge, clinical skills, and professional awareness. Participates in patient education programs. Follows all hospital policies. Performs other related duties as assigned.

Qualifications: Education, Training & Experience

1. Education — Bachelor's Degree in Nursing (BSN) is required. Master's Degree in Nursing or related discipline is preferred.
2. Experience — 4 years of nursing experience including 2 years in a senior/supervisory role with Master's; or 6 years including 3 years supervisory with Bachelor's. Experience in the relevant specialty area is preferred.
3. Licence / Certification — Current RN licensure from country of origin and SCFHS licensure/classification required. BLS required. ACLS or specialty certification relevant to the assigned unit is preferred.

Skills

1. Leadership: Leading, supervising and developing nursing teams.
2. Communication: Clear communication, negotiation and stakeholder management.
3. Decision-Making: Sound clinical and operational judgement under pressure.
4. Analytical Skill: Data-driven planning, staffing and performance management.
5. Technology: Use of HIS/EMR and nursing management systems.
6. Organisation: Planning, coordination and priority management.

Knowledge

1. Nursing standards, professional-practice models and scope-of-practice frameworks.
2. Nursing workforce planning, staffing/skill-mix, competency assessment and supervision.
3. Nursing quality indicators, patient-safety outcomes and clinical governance.
4. Knowledge of CBAHI National Hospital Standards and accreditation requirements.
5. Knowledge of SCFHS scope-of-practice and professional-registration requirements.
6. Knowledge of applicable KSA healthcare laws, regulations and the hospital Code of Conduct.

Attitude & Behaviour

1. Respect & Integrity
2. Patient-Centred Approach
3. Accountability
4. Continuous Learning
5. Teamwork & Collaboration
6. Confidentiality
7. Professionalism
8. Adaptability & Resilience
9. Compassion & Empathy
10. Commitment to Safety

Physical Requirements

- Prolonged standing and walking during shifts.
- Ability to lift/assist patients and equipment (up to ~20 kg) with safe technique.
- Manual dexterity for clinical/technical procedures.
- Use of personal protective equipment (PPE); potential exposure to clinical hazards.
- Shift work, night shifts and on-call duties as required by the unit.
