Radiology Technologist / Technician

Radiology · Medical Services

Job title	Radiology Technologist / Technician	**Job code**	JD-HRM-032
Department	Radiology	**Division**	Medical Services
Grade	AH1–AH2	**Reports to**	Radiology Manager / Head of Radiology
Supervises	None	**SCFHS licence**	Yes — Category 5 — Allied Health Professional

Job Summary

The Radiology Technologist / Technician provides diagnostic imaging services to patients of Almather Hospital, performing radiographic and assigned imaging procedures accurately and safely while complying with CBAHI, MOH and departmental quality standards. This unified job description covers both the Radiology Technician (diploma-prepared, AH1) and the Radiology Technologist (degree-prepared, AH2); the applicable grade, scope of practice and modality assignment are determined by the post-holder's SCFHS classification and demonstrated competency.

Essential Duties & Responsibilities

1. Diagnostic Imaging Practice

i. Perform radiographic, fluoroscopic and general imaging examinations per protocol; CT and cross-sectional modalities at Technologist (AH2) level per competency.
ii. Apply radiation-protection (ALARA) principles for patients, staff and self.
iii. Verify patient identity, positioning, image quality and PACS transfer.
iv. Maintain imaging equipment and report faults promptly.

2. Quality, Patient Safety & Accreditation

i. Comply with CBAHI, MOH and GDIPC standards applicable to the role.
ii. Participate in quality improvement projects, audits, incident reporting and root-cause analysis.
iii. Report patient-safety events, near-misses and hazards through the approved reporting system.

3. Infection Prevention & Control

i. Adhere to hand-hygiene, standard and transmission-based precautions at all times.
ii. Comply with the hospital Infection Prevention & Control programme and GDIPC audit requirements.

4. Professional Conduct & Development

i. Maintain a valid SCFHS / SCHS professional registration where applicable.
ii. Complete mandatory training, competency assessments and continuing professional development.
iii. Uphold patient confidentiality, dignity, rights and the hospital Code of Conduct.

5. Additional Responsibilities

i. Perform additional duties or projects as assigned by the Radiology Manager / Head of Radiology.

Qualifications: Education, Training & Experience

1. Education — Diploma in Radiologic Technology (Technician, AH1) OR Bachelor of Radiological Sciences (Technologist, AH2)
2. Education (Preferred) — Bachelor / specialty certification preferred for the Technologist (AH2) track

3. Experience — Technician (AH1): 0–2 years; Technologist (AH2): 2–4 years relevant experience
4. Licence / Registration — Valid SCFHS (SCHS) registration in the relevant allied-health category
5. Certification — BLS (mandatory); SCFHS radiation-worker registration; radiation dosimetry monitoring.

Skills

1. Technical Skill: Discipline-specific technical and procedural competence.
2. Accuracy & Safety: Precision, quality control and safety in technical work.
3. Communication: Effective communication with clinical teams and patients.
4. Equipment Handling: Operation, calibration and maintenance of equipment.
5. Technology: Use of relevant information and laboratory/imaging systems.
6. Organisation: Workload prioritization and documentation.

Knowledge

1. Radiographic positioning, exposure factors and image-quality optimisation.
2. Radiation physics and radiation protection principles (ALARA) for patients, staff and public.
3. Cross-sectional and advanced-modality operation (CT/MRI/US) at technologist level, and PACS/RIS workflow.
4. Knowledge of CBAHI National Hospital Standards and accreditation requirements.
5. Knowledge of GDIPC Infection Prevention & Control standards and hand-hygiene practice.
6. Knowledge of applicable KSA healthcare laws, regulations and the hospital Code of Conduct.

Attitude & Behaviour

1. Respect & Integrity
2. Patient-Centred Approach
3. Accountability
4. Continuous Learning
5. Teamwork & Collaboration
6. Confidentiality
7. Professionalism
8. Adaptability & Resilience
9. Compassion & Empathy
10. Commitment to Safety

Physical Requirements

- Prolonged standing and walking during shifts.
- Ability to lift/assist patients and equipment (up to ~20 kg) with safe technique.
- Manual dexterity for clinical/technical procedures.
- Use of personal protective equipment (PPE); potential exposure to clinical hazards.
- Shift work, night shifts and on-call duties as required by the unit.

Approval

Reviewed & recommended by	Department Head	Approved by	HR Manager
