Department	Radiology	**Division**	Medical Services
Grade	AH2	**Reports to**	Radiology Manager / Head of Radiology
Supervises	None	**SCFHS licence**	Yes — Category 5 — Allied Health Professional

Job Summary

The Interventional Radiology Technologist provides interventional imaging services to patients of Almather Hospital, performing technical procedures accurately and safely while complying with CBAHI, MOH and departmental quality standards.

Essential Duties & Responsibilities

1. Interventional Imaging Practice

i. Assist with interventional and angiographic procedures under sterile technique.
ii. Operate fluoroscopy and angiography equipment with radiation safety.
iii. Prepare contrast media, devices and procedure trays; monitor patient during procedures.

2. Quality, Patient Safety & Accreditation

i. Comply with CBAHI, MOH and GDIPC standards applicable to the role.
ii. Participate in quality improvement projects, audits, incident reporting and root-cause analysis.
iii. Report patient-safety events, near-misses and hazards through the approved reporting system.

3. Infection Prevention & Control

i. Adhere to hand-hygiene, standard and transmission-based precautions at all times.
ii. Comply with the hospital Infection Prevention & Control programme and GDIPC audit requirements.

4. Professional Conduct & Development

i. Maintain a valid SCFHS / SCHS professional registration where applicable.
ii. Complete mandatory training, competency assessments and continuing professional development.
iii. Uphold patient confidentiality, dignity, rights and the hospital Code of Conduct.

5. Additional Responsibilities

i. Perform additional duties or projects as assigned by the Radiology Manager / Head of Radiology.

Qualifications: Education, Training & Experience

1. Education — Bachelor's degree or Diploma in the relevant allied-health discipline
2. Education (Preferred) — Higher qualification / specialty certification in the discipline
3. Experience — 2–4 years relevant experience
4. Licence / Registration — Valid SCFHS (SCHS) registration in the relevant allied-health category
5. Certification — BLS/ACLS (mandatory); SCFHS radiation-worker registration; dosimetry monitoring.

Skills

1. Technical Skill: Discipline-specific technical and procedural competence.
2. Accuracy & Safety: Precision, quality control and safety in technical work.
3. Communication: Effective communication with clinical teams and patients.
4. Equipment Handling: Operation, calibration and maintenance of equipment.
5. Technology: Use of relevant information and laboratory/imaging systems.
6. Organisation: Workload prioritization and documentation.

Knowledge

1. Angiographic and interventional procedure support under sterile technique.
2. Fluoroscopy operation, radiation protection and contrast-media handling.
3. Interventional devices, procedure-tray preparation and patient monitoring.
4. Knowledge of CBAHI National Hospital Standards and accreditation requirements.
5. Knowledge of GDIPC Infection Prevention & Control standards and hand-hygiene practice.
6. Knowledge of applicable KSA healthcare laws, regulations and the hospital Code of Conduct.

Attitude & Behaviour

1. Respect & Integrity
2. Patient-Centred Approach
3. Accountability
4. Continuous Learning
5. Teamwork & Collaboration
6. Confidentiality
7. Professionalism
8. Adaptability & Resilience
9. Compassion & Empathy
10. Commitment to Safety

Physical Requirements

- Prolonged standing and walking during shifts.
- Ability to lift/assist patients and equipment (up to ~20 kg) with safe technique.
- Manual dexterity for clinical/technical procedures.
- Use of personal protective equipment (PPE); potential exposure to clinical hazards.
- Shift work, night shifts and on-call duties as required by the unit.
