Job Summary

The Project Manager supports the project management function at Almather Hospital, ensuring efficient, compliant and service-oriented delivery aligned to hospital strategy and CBAHI/MOH governance requirements.

Essential Duties & Responsibilities

1. Project Management Leadership

i. Lead and manage the Projects / PMO function, staff and resources.
ii. Develop policies, procedures, KPIs and annual operating plans for the function.
iii. Manage budget, reporting and stakeholder coordination.

2. Project Management Duties

i. Plan, execute, monitor and close hospital projects within scope, time and budget.
ii. Manage stakeholders, risks, deliverables and project reporting.
iii. Coordinate cross-functional teams and commissioning activities.

3. Quality, Patient Safety & Accreditation

i. Comply with CBAHI and MOH standards applicable to the role.
ii. Participate in quality improvement projects, audits, incident reporting and root-cause analysis.
iii. Report patient-safety events, near-misses and hazards through the approved reporting system.

4. Professional Conduct & Development

i. Maintain a valid SCFHS / SCHS professional registration where applicable.
ii. Complete mandatory training, competency assessments and continuing professional development.
iii. Uphold patient confidentiality, dignity, rights and the hospital Code of Conduct.

5. Additional Responsibilities

i. Perform additional duties or projects as assigned by the Project Management Office.
