Quality & Patient Safety · Quality & Patient Safety

Job title	Quality & Safety Manager	**Job code**	JD-HRM-055
Department	Quality & Patient Safety	**Division**	Quality & Patient Safety
Grade	EC4	**Reports to**	Quality & Patient Safety
Supervises	Quality & Patient Safety team	**SCFHS licence**	No

Job Summary

The Quality & Safety Manager supports the quality & patient safety function at Almather Hospital, ensuring efficient, compliant and service-oriented delivery aligned to hospital strategy and CBAHI/MOH governance requirements.

Essential Duties & Responsibilities

1. Quality & Patient Safety Leadership

i. Lead and manage the Quality & Patient Safety function, staff and resources.
ii. Develop policies, procedures, KPIs and annual operating plans for the function.
iii. Manage budget, reporting and stakeholder coordination.

2. Quality & Patient Safety Duties

i. Lead the quality, patient-safety, accreditation and risk-management programmes.
ii. Manage the document-control system, policy library and CBAHI accreditation readiness.
iii. Coordinate audits, incident management, RCA, FMEA and performance improvement.
iv. Drive Person-Centred Care, patient-experience and KPI reporting.

3. Quality, Patient Safety & Accreditation

i. Comply with CBAHI, MOH, SPSC and CHI Person-Centred Care standards applicable to the role.
ii. Participate in quality improvement projects, audits, incident reporting and root-cause analysis.
iii. Report patient-safety events, near-misses and hazards through the approved reporting system.

4. Professional Conduct & Development

i. Maintain a valid SCFHS / SCHS professional registration where applicable.
ii. Complete mandatory training, competency assessments and continuing professional development.
iii. Uphold patient confidentiality, dignity, rights and the hospital Code of Conduct.

5. Additional Responsibilities

i. Perform additional duties or projects as assigned by the Quality & Patient Safety.

Qualifications: Education, Training & Experience

1. Education — Bachelor's degree in a relevant field
2. Education (Preferred) — Master's degree / professional certification in a relevant field
3. Experience — 6–10 years incl. supervisory
4. Licence / Registration — Professional registration/licensure as applicable to the role
5. Certification — CPHQ or equivalent quality/patient-safety certification preferred.

Skills

1. Functional Expertise: Strong knowledge of the relevant administrative/business function.
2. Communication: Professional written and verbal communication.
3. Analytical Skill: Data collection, analysis, reporting and problem-solving.
4. Organisation: Planning, coordination and attention to detail.
5. Technology: Proficiency in MS Office, HIS and relevant systems.
6. Service Orientation: Customer/patient-service focus and stakeholder management.

Knowledge

1. Accreditation frameworks (CBAHI) and quality-management systems.
2. Patient-safety science, incident/OVR management, RCA, FMEA and FOCUS-PDCA.
3. KPI/measurement systems, clinical audit and risk-register management.
4. Knowledge of CBAHI National Hospital Standards and accreditation requirements.
5. Knowledge of Saudi Patient Safety Center (SPSC) standards and the National Sentinel-Event policy.
6. Knowledge of CHI Person-Centred Care framework principles and patient rights.
7. Knowledge of applicable KSA healthcare laws, regulations and the hospital Code of Conduct.

Attitude & Behaviour

1. Respect & Integrity
2. Patient-Centred Approach
3. Accountability
4. Continuous Learning
5. Teamwork & Collaboration
6. Confidentiality
7. Professionalism
8. Adaptability & Resilience
9. Compassion & Empathy
10. Commitment to Safety

Physical Requirements
