Chief Nursing Officer (CNO)

Nursing · Nursing & Allied Health

Job title	Chief Nursing Officer (CNO)	**Job code**	JD-HRM-059
Department	Nursing	**Division**	Nursing & Allied Health
Grade	N6	**Reports to**	Hospital Director / CEO
Supervises	All nursing staff through the nursing leadership team	**SCFHS licence**	Yes — Category 4 — Nurse

Job Summary

Provides executive nursing leadership and strategic direction for all nursing and patient care services across Almather Hospital. Assumes overall authority, responsibility, and accountability for the organization, management, and evaluation of nursing services. Ensures safe, high-quality, patient- and family-centered care in accordance with CBAHI standards, SCFHS regulations, and international best practices.

Essential Duties & Responsibilities

1. Provides executive-level leadership for all nursing and patient care services. Develops, implements, and evaluates the strategic direction and annual operational plan for Nursing Affairs in alignment with the hospital's mission, vision, and values.
2. Represents the nursing department as a member of the hospital's executive leadership team. Participates in strategic planning, budgeting, resource allocation, and policy development.
3. Establishes, oversees, and approves nursing policies, procedures, and professional standards of practice for all nursing units in compliance with CBAHI standards and Saudi MOH regulations.
4. Leads the development of the nursing organizational structure, staffing plan, and workforce development strategy. Ensures adequate staffing levels, skill mix, and competency across all units.
5. Drives the achievement of clinical quality outcome indicators, patient safety goals, and patient/family satisfaction targets. Monitors quality and takes effective action to address issues and risks.
6. Leads multidisciplinary collaboration, serving as nursing representative on hospital committees including Quality Improvement, Infection Control, Pharmacy & Therapeutics, and Patient Safety.
7. Directs the performance management system for nursing leadership. Monitors performance and professional development of Nursing Directors, Supervisors, and Head Nurses.
8. Oversees the nursing education and professional development program, ensuring competency assessment, continuing education, orientation, and clinical training are effectively implemented.
9. Leads the nursing quality improvement and patient safety program, ensuring participation in performance improvement activities, incident reporting, root cause analysis, and evidence-based practice.
10. Directs nursing recruitment, retention, and workforce planning. Drives Saudization targets and nationality mix consistent with the hospital's strategic plan.
11. Manages the nursing affairs budget, monitors resource utilization, and drives cost efficiency while maintaining quality. Approves procurement of nursing supplies and equipment.
12. Promotes a culture of evidence-based practice, nursing research, and knowledge sharing. Supports research proposals and mentorship programs within Nursing Affairs.
13. Ensures nursing reference manuals, policies, and procedures are accessible to all nursing units and that staff are familiar with established standards.

Uncontrolled when printed. Verify the current version with the Quality Management Department.

14. Follows all hospital-related policies and procedures. Participates in self and others' education, training, and development. Performs other related duties as assigned.

Qualifications: Education, Training & Experience

1. Education — PhD or Master's Degree in Nursing, Healthcare Administration, or related discipline is required. Bachelor's Degree in Nursing (BSN) is required.
2. Experience — 10 years of progressive nursing experience incl. 5 years in senior leadership with PhD; 12 years incl. 7 years senior leadership with Master's; or 15 years incl. 8 years senior leadership with Bachelor's. Hospital setting of similar size/complexity preferred.
3. Licence / Certification — Current RN licensure from country of origin and SCFHS licensure/classification required. Certification in Nursing Administration or Executive Leadership (e.g., NEA-BC, CENP) preferred. BLS required.

Skills

1. Leadership: Leading, supervising and developing nursing teams.
2. Communication: Clear communication, negotiation and stakeholder management.
3. Decision-Making: Sound clinical and operational judgement under pressure.
4. Analytical Skill: Data-driven planning, staffing and performance management.
5. Technology: Use of HIS/EMR and nursing management systems.
6. Organisation: Planning, coordination and priority management.

Knowledge

1. Nursing standards, professional-practice models and scope-of-practice frameworks.
2. Nursing workforce planning, staffing/skill-mix, competency assessment and supervision.
3. Nursing quality indicators, patient-safety outcomes and clinical governance.
4. Knowledge of CBAHI National Hospital Standards and accreditation requirements.
5. Knowledge of SCFHS scope-of-practice and professional-registration requirements.
6. Knowledge of applicable KSA healthcare laws, regulations and the hospital Code of Conduct.

Attitude & Behaviour

1. Respect & Integrity
2. Patient-Centred Approach
3. Accountability
4. Continuous Learning
5. Teamwork & Collaboration
6. Confidentiality
7. Professionalism
8. Adaptability & Resilience
9. Compassion & Empathy
10. Commitment to Safety

Physical Requirements

- Prolonged standing and walking during shifts.
- Ability to lift/assist patients and equipment (up to ~20 kg) with safe technique.
- Manual dexterity for clinical/technical procedures.
- Use of personal protective equipment (PPE); potential exposure to clinical hazards.
- Shift work, night shifts and on-call duties as required by the unit.
