Assistant Consultant Neonatologist

Neonatology / NICU (under Pediatrics) · Medical Services

Job title	Assistant Consultant Neonatologist	**Job code**	JD-HRM-064
Department	Neonatology / NICU (under Pediatrics)	**Division**	Medical Services
Grade	M3	**Reports to**	Head of Pediatrics / Consultant Neonatologist
Supervises	None	**SCFHS licence**	Yes — Category 1 — Physician

Job Summary

The Assistant Consultant Neonatologist is responsible for delivering high-quality, evidence-based neonatal care in the Neonatal Intensive Care Unit (NICU) and nurseries at Almather Hospital. The post-holder assesses, diagnoses and manages preterm and critically ill neonates, attends high-risk deliveries and provides neonatal resuscitation, participates in on-call duties, and contributes to teaching, quality improvement and patient safety in line with CBAHI and MOH standards.

Essential Duties & Responsibilities

1. Clinical Care

i. Provide expert assessment, diagnosis, treatment and follow-up for neonates in the NICU, special-care and well-baby nurseries.

ii. Conduct NICU rounds, attend high-risk deliveries and caesarean sections, provide neonatal resuscitation (NRP) and on-call cover as scheduled.

iii. Perform neonatal procedures per privileges (intubation, umbilical line insertion, lumbar puncture, exchange transfusion); order and interpret investigations and formulate evidence-based management plans.

iv. Document care accurately and contemporaneously in the medical record.

2. Patient & Family Communication

i. Obtain informed consent and explain diagnosis, treatment options and prognosis.

ii. Engage patients and families in shared decision-making.

3. Quality, Patient Safety & Accreditation

i. Comply with CBAHI, MOH and GDIPC standards applicable to the role.

ii. Participate in quality improvement projects, audits, incident reporting and root-cause analysis.

iii. Report patient-safety events, near-misses and hazards through the approved reporting system.

4. Infection Prevention & Control

i. Adhere to hand-hygiene, standard and transmission-based precautions at all times.

ii. Comply with the hospital Infection Prevention & Control programme and GDIPC audit requirements.

5. Professional Conduct & Development

i. Maintain a valid SCFHS / SCHS professional registration where applicable.

ii. Complete mandatory training, competency assessments and continuing professional development.

iii. Uphold patient confidentiality, dignity, rights and the hospital Code of Conduct.

6. Additional Responsibilities

i. Perform additional duties or projects as assigned by the Head of Pediatrics / Consultant Neonatologist.

Qualifications: Education, Training & Experience

1. Education — MBBS / MD or equivalent recognized medical degree
2. Education — Saudi/Arab Board in Pediatrics plus subspecialty training/fellowship in Neonatal-Perinatal Medicine is required
3. Experience — SCFHS classification as Assistant Consultant with neonatal/NICU experience
4. Licence / Registration — Valid SCFHS (SCHS) registration as a Physician — Neonatology / Pediatrics
5. Certification — BLS mandatory; NRP (Neonatal Resuscitation Program) mandatory; PALS as relevant.

Skills

1. Clinical Expertise: Advanced clinical assessment, diagnosis and evidence-based management in specialty.
2. Communication: Effective communication with patients, families and the multidisciplinary team.
3. Decision-Making: Sound clinical judgement under pressure and in emergencies.
4. Teaching & Supervision: Ability to teach, mentor and supervise junior staff and trainees.
5. Technology: Competent use of HIS/EMR and clinical information systems.
6. Quality & Safety: Application of quality improvement and patient-safety methods.

Knowledge

1. Neonatal physiology and evidence-based management of preterm and critically ill neonates.
2. Neonatal resuscitation (NRP), delivery-room stabilisation and neonatal ventilation.
3. Neonatal procedures (intubation, umbilical lines, lumbar puncture, exchange transfusion) and neonatal pharmacology/dosing.
4. Knowledge of CBAHI National Hospital Standards and accreditation requirements.
5. Knowledge of GDIPC Infection Prevention & Control standards and hand-hygiene practice.
6. Knowledge of applicable KSA healthcare laws, regulations and the hospital Code of Conduct.

Attitude & Behaviour

1. Respect & Integrity
2. Patient-Centred Approach
3. Accountability
4. Continuous Learning
5. Teamwork & Collaboration
6. Confidentiality
7. Professionalism
8. Adaptability & Resilience
9. Compassion & Empathy
10. Commitment to Safety

Physical Requirements

- Prolonged standing and walking during shifts.
- Ability to lift/assist patients and equipment (up to ~20 kg) with safe technique.

Uncontrolled when printed. Verify the current version with the Quality Management Department.

- Manual dexterity for clinical/technical procedures.
- Use of personal protective equipment (PPE); potential exposure to clinical hazards.
- Shift work, night shifts and on-call duties as required by the unit.

Approval

Reviewed & recommended by	Department Head	**Approved by**	HR Manager
