Clinical Dietitian

Clinical Nutrition & Dietetics · Medical Services

Job title	Clinical Dietitian	**Job code**	JD-HRM-071
Department	Clinical Nutrition & Dietetics	**Division**	Medical Services
Grade	AH2	**Reports to**	Head of Allied Health / Clinical Nutrition Lead
Supervises	None	**SCFHS licence**	Yes — Category 5 — Allied Health Professional

Job Summary

The Clinical Dietitian delivers evidence-based nutrition care to inpatients and outpatients at Almather Hospital — including nutritional screening, assessment, nutrition diagnosis, intervention and monitoring — prescribing therapeutic diets and nutrition support within the multidisciplinary team, in compliance with CBAHI, MOH and departmental quality standards.

Essential Duties & Responsibilities

1. Clinical Nutrition Practice

i. Conduct nutritional screening and comprehensive assessment using validated tools, and develop individualised nutrition care plans.

ii. Prescribe, adjust and monitor therapeutic diets, oral nutrition supplements, and enteral/parenteral nutrition in coordination with the medical team.

iii. Calculate energy, protein and micronutrient requirements, interpret biochemistry and anthropometry, and revise plans against clinical progress.

iv. Provide nutrition counselling and discharge education to patients and families, and document the nutrition care process in the medical record.

2. Quality, Patient Safety & Accreditation

i. Comply with CBAHI, MOH and GDIPC standards applicable to the role.

ii. Participate in quality improvement projects, audits, incident reporting and root-cause analysis.

iii. Report patient-safety events, near-misses and hazards through the approved reporting system.

3. Infection Prevention & Control

i. Adhere to hand-hygiene, standard and transmission-based precautions at all times.

ii. Comply with the hospital Infection Prevention & Control programme and GDIPC audit requirements.

4. Professional Conduct & Development

i. Maintain a valid SCFHS / SCHS professional registration where applicable.

ii. Complete mandatory training, competency assessments and continuing professional development.

iii. Uphold patient confidentiality, dignity, rights and the hospital Code of Conduct.

5. Additional Responsibilities

i. Perform additional duties or projects as assigned by the Head of Allied Health / Clinical Nutrition Lead.

Uncontrolled when printed. Verify the current version with the Quality Management Department.

Qualifications: Education, Training & Experience

1. Education — Bachelor's degree in Clinical Nutrition / Dietetics or equivalent
2. Education (Preferred) — Postgraduate qualification or specialty certification in clinical nutrition (e.g., CNSC) preferred
3. Experience — 2–4 years clinical dietetics experience in a hospital setting
4. Licence / Registration — Valid SCFHS (SCHS) registration as a Dietitian (Category 5)
5. Certification — BLS (mandatory); nutrition-support certification (e.g., CNSC) preferred.

Skills

1. Clinical Dietetics: Nutrition assessment, diagnosis, intervention and monitoring (NCP).
2. Accuracy: Precise requirement calculation, diet prescription and documentation.
3. Communication: Effective counselling of patients/families and liaison with the medical team.
4. Nutrition Support: Enteral and parenteral nutrition planning and monitoring.
5. Technology: Use of EHR, nutrition-analysis software and dietary systems.
6. Organisation: Workload prioritization and documentation.

Knowledge

1. Nutrition Care Process — screening, assessment, nutrition diagnosis, intervention and monitoring using validated tools.
2. Therapeutic and texture-modified diets, enteral and parenteral nutrition, and requirement calculation.
3. Interpretation of biochemistry and anthropometry, drug–nutrient interactions, and nutrition care across the lifespan.
4. Knowledge of CBAHI National Hospital Standards and accreditation requirements.
5. Knowledge of GDIPC Infection Prevention & Control standards and hand-hygiene practice.
6. Knowledge of applicable KSA healthcare laws, regulations and the hospital Code of Conduct.

Attitude & Behaviour

1. Respect & Integrity
2. Patient-Centred Approach
3. Accountability
4. Continuous Learning
5. Teamwork & Collaboration
6. Confidentiality
7. Professionalism
8. Adaptability & Resilience
9. Compassion & Empathy
10. Commitment to Safety

Physical Requirements

- Prolonged standing and walking during shifts.
- Ability to lift/assist patients and equipment (up to ~20 kg) with safe technique.
- Manual dexterity for clinical/technical procedures.

- Use of personal protective equipment (PPE); potential exposure to clinical hazards.
- Shift work, night shifts and on-call duties as required by the unit.
