Physiotherapist

Physiotherapy / Rehabilitation · Medical Services

Job title	Physiotherapist	**Job code**	JD-HRM-075
Department	Physiotherapy / Rehabilitation	**Division**	Medical Services
Grade	AH2	**Reports to**	Head of Rehabilitation / Allied Health Lead
Supervises	None	**SCFHS licence**	Yes — Category 5 — Allied Health Professional

Job Summary

The Physiotherapist provides assessment, treatment and rehabilitation services to patients of Almather Hospital across the lifespan — including musculoskeletal, neurological, cardiorespiratory and post-operative rehabilitation — restoring movement and function safely and effectively while complying with CBAHI, MOH and departmental quality standards.

Essential Duties & Responsibilities

1. Physiotherapy Practice

i. Assess patients and develop individualised physiotherapy treatment and goal-based rehabilitation plans.
ii. Deliver therapeutic exercise, manual therapy, electrotherapy and mobility/gait training.
iii. Provide musculoskeletal, neurological, cardiorespiratory (chest physiotherapy) and post-operative rehabilitation.
iv. Prescribe assistive/mobility aids, educate patients and families on home programmes, and monitor and document progress.

2. Quality, Patient Safety & Accreditation

i. Comply with CBAHI, MOH and GDIPC standards applicable to the role.
ii. Participate in quality improvement projects, audits, incident reporting and root-cause analysis.
iii. Report patient-safety events, near-misses and hazards through the approved reporting system.

3. Infection Prevention & Control

i. Adhere to hand-hygiene, standard and transmission-based precautions at all times.
ii. Comply with the hospital Infection Prevention & Control programme and GDIPC audit requirements.

4. Professional Conduct & Development

i. Maintain a valid SCFHS / SCHS professional registration where applicable.
ii. Complete mandatory training, competency assessments and continuing professional development.
iii. Uphold patient confidentiality, dignity, rights and the hospital Code of Conduct.

5. Additional Responsibilities

i. Perform additional duties or projects as assigned by the Head of Rehabilitation / Allied Health Lead.

Qualifications: Education, Training & Experience

1. Education — Bachelor's degree in Physiotherapy / Physical Therapy or equivalent
2. Education (Preferred) — Master's degree / specialty certification in a physiotherapy field preferred
3. Experience — 2–4 years clinical physiotherapy experience
4. Licence / Registration — Valid SCFHS (SCHS) registration as a Physiotherapist (Category 5)

5. Certification — BLS (mandatory); manual-handling and specialty physiotherapy competencies as required.

Skills

1. Physiotherapy Skill: Assessment, therapeutic exercise, manual therapy and electrotherapy.
2. Clinical Reasoning: Accurate assessment, goal-setting and outcome measurement.
3. Communication: Patient/family education, motivation and multidisciplinary liaison.
4. Equipment Handling: Safe use of electrotherapy, exercise and mobility equipment.
5. Technology: Use of EHR and rehabilitation documentation/outcome-measure systems.
6. Organisation: Workload prioritization and documentation.

Knowledge

1. Musculoskeletal, neurological and cardiorespiratory anatomy, physiology and pathology.
2. Physiotherapy assessment, therapeutic exercise, manual therapy, electrotherapy and gait re-education.
3. Rehabilitation principles, chest physiotherapy, outcome measurement and evidence-based practice.
4. Knowledge of CBAHI National Hospital Standards and accreditation requirements.
5. Knowledge of GDIPC Infection Prevention & Control standards and hand-hygiene practice.
6. Knowledge of applicable KSA healthcare laws, regulations and the hospital Code of Conduct.

Attitude & Behaviour

1. Respect & Integrity
2. Patient-Centred Approach
3. Accountability
4. Continuous Learning
5. Teamwork & Collaboration
6. Confidentiality
7. Professionalism
8. Adaptability & Resilience
9. Compassion & Empathy
10. Commitment to Safety

Physical Requirements

- Prolonged standing and walking during shifts.
- Ability to lift/assist patients and equipment (up to ~20 kg) with safe technique.
- Manual dexterity for clinical/technical procedures.
- Use of personal protective equipment (PPE); potential exposure to clinical hazards.
- Shift work, night shifts and on-call duties as required by the unit.
