Job Summary

Assists the Chief Nursing Officer in the development and implementation of the strategic direction of Nursing Affairs. Takes a lead role in negotiating, identifying, implementing, and evaluating the achievement of strategic goals across all nursing divisions. Coordinates nursing activities and assumes full authority for nursing operations during the CNO's absence, ensuring continuity of leadership in compliance with CBAHI standard NR.1.6.

Essential Duties & Responsibilities

1. Assists the CNO in the development, implementation, and evaluation of the strategic direction and annual operational plan for Nursing Affairs. Takes a lead role in identifying, implementing, and monitoring achievement of strategic goals across all nursing divisions.
2. Provides professional leadership and undertakes internal and external assessments to develop, implement, monitor, and evaluate the delivery of quality patient- and family-centered care across the hospital.
3. Leads operational planning within Nursing Affairs, working closely with Nursing Directors, physicians, and other discipline counterparts to ensure services are managed and delivered effectively and efficiently.
4. Demonstrates collaborative multidisciplinary partnerships working toward continuous improvement in quality patient care. Monitors quality of services and takes effective action to address quality issues and related risks. Drives the achievement of clinical quality outcome indicators and patient satisfaction.
5. Serves as a senior member of the Nursing Affairs leadership team and represents the CNO at internal and external functions as assigned. Acts as the designated deputy to coordinate nursing activities and handle administrative and clinical issues during the CNO's absence.
6. Monitors the performance and professional development of Nursing Directors and other direct reports within assigned areas of responsibility. Provides advanced leadership direction to facilitate change and achieve nursing goals.
7. Communicates effectively with all staff, proactively seeking solutions to improve communications. Demonstrates empathy and reassurance when communicating sensitive information and advice to staff.
8. Drives the retention of all nursing staff to meet division-specific turnover rate goals. Participates in recruitment and retention activities in coordination with the Nursing Recruitment Coordinator.
9. Drives the achievement of cost efficiency savings and resource optimization. Supports and contributes to nursing research based on internal and external assessments. Makes recommendations for research proposals.
10. Monitors the quality and integrity of nursing data and information, taking necessary actions to address problems. Synthesizes data to develop justifiable conclusions, recommendations, and action plans.
11. Drives the achievement of Saudization targets and nationality mix in areas of responsibility, consistent with the hospital's strategic plan. Participates in the training and development of Saudi nursing students and graduates.

12. Supports the implementation of clinical information systems at divisional level. Participates in the development and evaluation of Internal Policies and Procedures (IPPs).
13. Promotes and shares knowledge via mentorship in line with relevant research and evidence-based practice.
14. Follows all hospital-related policies and procedures. Participates in self and others' education, training, and development. Performs other related duties as assigned.
