Pharmacy Supervisor

Pharmacy · Medical Services

Job title	Pharmacy Supervisor	**Job code**	JD-HRM-092
Department	Pharmacy	**Division**	Medical Services
Grade	AH3	**Reports to**	Pharmacy Manager
Supervises	Pharmacy Specialists, Pharmacists and pharmacy technicians on shift	**SCFHS licence**	Yes — Category 3 — Pharmacist

Job Summary

The Pharmacy Supervisor oversees the day-to-day operation of the pharmacy at Almather Hospital, supervising pharmacists and technicians, ensuring safe and accurate medication dispensing and the integrity of the medication-use system, and supporting the Pharmacy Manager in quality, inventory and compliance, in line with CBAHI, MOH, SFDA and departmental quality standards.

Essential Duties & Responsibilities

1. Pharmacy Operations & Supervision

i. Supervise daily pharmacy operations and workflow, and review, verify and dispense medications accurately and safely.
ii. Provide clinical pharmacy input and medication counselling, and resolve escalated dispensing and order-related issues.
iii. Monitor for interactions and ADRs, oversee medication-error/near-miss reporting and support medication-safety improvement.
iv. Oversee controlled-substance handling, storage, inventory and stock control per SFDA and hospital policy.

2. Quality, Patient Safety & Accreditation

i. Comply with CBAHI and MOH standards applicable to the role.
ii. Participate in quality improvement projects, audits, incident reporting and root-cause analysis.
iii. Report patient-safety events, near-misses and hazards through the approved reporting system.

3. Infection Prevention & Control

i. Adhere to hand-hygiene, standard and transmission-based precautions at all times.
ii. Comply with the hospital Infection Prevention & Control programme and GDIPC audit requirements.

4. Professional Conduct & Development

i. Maintain a valid SCFHS / SCHS professional registration where applicable.
ii. Supervise, schedule, train and competency-assess pharmacy staff, and complete mandatory training and continuing professional development.
iii. Uphold patient confidentiality, dignity, rights and the hospital Code of Conduct.

5. Additional Responsibilities

i. Perform additional duties or projects as assigned by the Pharmacy Manager.

Qualifications: Education, Training & Experience

1. Education — Bachelor of Pharmacy (BPharm) or PharmD

2. Education (Preferred) — Postgraduate qualification or specialty certification in pharmacy preferred
3. Experience — 5+ years pharmacy experience, including supervisory exposure
4. Licence / Registration — Valid SCFHS (SCHS) registration as a Pharmacist (Category 3)
5. Certification — SCFHS pharmacist registration (mandatory); BLS current.

Skills

1. Pharmacy Practice: Medication review, dispensing accuracy and clinical pharmacy.
2. Leadership: Supervision, scheduling, training and competency assessment of staff.
3. Communication: Effective communication with clinical teams and patients.
4. Medication Safety: High-alert/LASA management and error-prevention systems.
5. Technology: Use of pharmacy/HIS dispensing, inventory and e-prescribing systems.
6. Organisation: Workload prioritization and documentation.

Knowledge

1. Pharmacy operations, workflow supervision and medication-use system oversight.
2. Medication order review, dispensing accuracy, high-alert/LASA management and medication-error reporting.
3. Controlled-substance regulations (SFDA), inventory control, compounding standards and formulary management.
4. Knowledge of CBAHI National Hospital Standards and accreditation requirements.
5. Knowledge of applicable KSA healthcare laws, regulations and the hospital Code of Conduct.

Attitude & Behaviour

1. Respect & Integrity
2. Patient-Centred Approach
3. Accountability
4. Continuous Learning
5. Teamwork & Collaboration
6. Confidentiality
7. Professionalism
8. Adaptability & Resilience
9. Compassion & Empathy
10. Commitment to Safety

Physical Requirements

- Prolonged standing and walking during shifts.
- Ability to lift/assist patients and equipment (up to ~20 kg) with safe technique.
- Manual dexterity for clinical/technical procedures.
- Use of personal protective equipment (PPE); potential exposure to clinical hazards.
- Shift work, night shifts and on-call duties as required by the unit.

Approval

Reviewed & recommended by	Department Head	**Approved by**	HR Manager
