Quality Specialist

Quality & Patient Safety · Quality & Patient Safety

Job title	Quality Specialist	**Job code**	JD-HRM-093
Department	Quality & Patient Safety	**Division**	Quality & Patient Safety
Grade	EC2	**Reports to**	Quality & Patient Safety Manager
Supervises	None	**SCFHS licence**	No

Job Summary

The Quality Specialist supports the Quality & Patient Safety function at Almather Hospital — coordinating accreditation readiness, document control, clinical audit, incident/OVR management and performance-improvement activities — ensuring compliant, data-driven and service-oriented delivery under the direction of the Quality & Patient Safety Manager.

Essential Duties & Responsibilities

1. Quality & Patient Safety Support

i. Support day-to-day quality and patient-safety activities and coordinate assigned programmes.
ii. Assist in developing and maintaining policies, procedures and KPIs, and collect and analyse performance data.
iii. Prepare quality reports and dashboards and coordinate with departments on improvement actions.

2. Quality & Patient Safety Duties

i. Support the quality, patient-safety, accreditation and risk-management programmes.
ii. Maintain the document-control system and policy library and support CBAHI accreditation readiness.
iii. Conduct clinical audits and support incident/OVR management, RCA, FMEA and performance-improvement projects.
iv. Support Person-Centred Care, patient-experience measurement and KPI reporting.

3. Quality, Patient Safety & Accreditation

i. Comply with CBAHI, MOH, SPSC and CHI Person-Centred Care standards applicable to the role.
ii. Participate in quality improvement projects, audits, incident reporting and root-cause analysis.
iii. Report patient-safety events, near-misses and hazards through the approved reporting system.

4. Professional Conduct & Development

i. Maintain a valid SCFHS / SCHS professional registration where applicable.
ii. Complete mandatory training, competency assessments and continuing professional development.
iii. Uphold patient confidentiality, dignity, rights and the hospital Code of Conduct.

5. Additional Responsibilities

i. Perform additional duties or projects as assigned by the Quality & Patient Safety Manager.

Qualifications: Education, Training & Experience

1. Education — Bachelor's degree in a health-related field (nursing, pharmacy, allied health, etc.)
2. Education (Preferred) — Master's degree and/or quality certification preferred
3. Experience — 2–4 years in healthcare, with quality/patient-safety exposure
4. Licence / Registration — Professional registration/licensure as applicable to the role

5. Certification — CPHQ / CPPS or equivalent quality/patient-safety certification preferred.

Skills

1. Quality Methods: Clinical audit, RCA, FMEA and FOCUS-PDCA application.
2. Communication: Professional written and verbal communication.
3. Data Analysis: KPI/data collection, analysis, reporting and dashboards.
4. Organisation: Planning, coordination and attention to detail.
5. Technology: Proficiency in MS Office, HIS and relevant systems.
6. Collaboration: Cross-departmental facilitation and stakeholder engagement.

Knowledge

1. Accreditation frameworks (CBAHI) and quality-management systems.
2. Patient-safety science, incident/OVR management, RCA, FMEA and FOCUS-PDCA.
3. KPI/measurement systems, clinical audit and risk-register management.
4. Knowledge of CBAHI National Hospital Standards and accreditation requirements.
5. Knowledge of Saudi Patient Safety Center (SPSC) standards and the National Sentinel-Event policy.
6. Knowledge of CHI Person-Centred Care framework principles and patient rights.
7. Knowledge of applicable KSA healthcare laws, regulations and the hospital Code of Conduct.

Attitude & Behaviour

1. Respect & Integrity
2. Patient-Centred Approach
3. Accountability
4. Continuous Learning
5. Teamwork & Collaboration
6. Confidentiality
7. Professionalism
8. Adaptability & Resilience
9. Compassion & Empathy
10. Commitment to Safety

Physical Requirements

- Primarily office-based with prolonged computer and screen use.
- Occasional movement across hospital departments.
- Ability to work under pressure and meet deadlines.
