Orthopedic Specialist

Surgery · Medical Services

Job title	Orthopedic Specialist	**Job code**	JD-HRM-096
Department	Surgery	**Division**	Medical Services
Grade	AH2	**Reports to**	Head of Surgery
Supervises	Orthopedic Technicians (as assigned)	**SCFHS licence**	Yes — Category 5 — Allied Health Professional

Job Summary

The Orthopedic Specialist provides advanced orthopedic technology services at Almather Hospital — applying and managing complex casts, splints, traction and orthopedic appliances, assisting in the fracture clinic and operating room, and supervising and training Orthopedic Technicians — accurately and safely while complying with CBAHI, MOH and departmental quality standards.

Essential Duties & Responsibilities

1. Orthopedic Technology Practice

i. Apply, adjust and remove complex casts, splints, braces and traction, and fit orthopedic appliances under clinical direction.

ii. Assist the orthopedic surgeon in the fracture clinic and operating room, and prepare procedure rooms, instruments and traction set-ups.

iii. Perform neurovascular monitoring, educate patients on cast care and mobility aids, and manage the orthopedic cast-room inventory.

2. Quality, Patient Safety & Accreditation

i. Comply with CBAHI, MOH and GDIPC standards applicable to the role.

ii. Participate in quality improvement projects, audits, incident reporting and root-cause analysis.

iii. Report patient-safety events, near-misses and hazards through the approved reporting system.

3. Infection Prevention & Control

i. Adhere to hand-hygiene, standard and transmission-based precautions at all times.

ii. Comply with the hospital Infection Prevention & Control programme and GDIPC audit requirements.

4. Professional Conduct & Development

i. Maintain a valid SCFHS / SCHS professional registration where applicable.

ii. Supervise, train and competency-assess Orthopedic Technicians, and complete mandatory training and continuing professional development.

iii. Uphold patient confidentiality, dignity, rights and the hospital Code of Conduct.

5. Additional Responsibilities

i. Perform additional duties or projects as assigned by the Head of Surgery.

Qualifications: Education, Training & Experience

1. Education — Bachelor's degree or Diploma in Orthopedic Technology / a related allied-health discipline
2. Education (Preferred) — Orthopedic-technology specialty certification (e.g., OTC) preferred

3. Experience — 2–4 years orthopedic-technology experience, including complex casting
4. Licence / Registration — Valid SCFHS (SCHS) registration in the relevant allied-health category
5. Certification — BLS (mandatory); casting/orthopedic-technology competencies required.

Skills

1. Orthopedic Technology: Complex casting, splinting, traction and appliance fitting.
2. Accuracy & Safety: Precision, quality control and safety in technical work.
3. Communication: Effective communication with clinical teams and patients.
4. Equipment Handling: Cast-saw, traction and orthopedic-appliance equipment.
5. Technology: Use of relevant information and laboratory/imaging systems.
6. Organisation: Workload prioritization and documentation.

Knowledge

1. Advanced casting, splinting, bracing and traction application and management.
2. Orthopaedic appliance fitting, fracture immobilisation, neurovascular monitoring and complication recognition.
3. Assistance in the fracture clinic and operating room, cast-room management and staff supervision.
4. Knowledge of CBAHI National Hospital Standards and accreditation requirements.
5. Knowledge of GDIPC Infection Prevention & Control standards and hand-hygiene practice.
6. Knowledge of applicable KSA healthcare laws, regulations and the hospital Code of Conduct.

Attitude & Behaviour

1. Respect & Integrity
2. Patient-Centred Approach
3. Accountability
4. Continuous Learning
5. Teamwork & Collaboration
6. Confidentiality
7. Professionalism
8. Adaptability & Resilience
9. Compassion & Empathy
10. Commitment to Safety

Physical Requirements

- Prolonged standing and walking during shifts.
- Ability to lift/assist patients and equipment (up to ~20 kg) with safe technique.
- Manual dexterity for clinical/technical procedures.
- Use of personal protective equipment (PPE); potential exposure to clinical hazards.
- Shift work, night shifts and on-call duties as required by the unit.
