## Job Summary

The Chief Medical Officer provides executive leadership for all medical and clinical affairs at Almather Hospital — directing the medical staff, clinical quality and patient safety, medical governance, and physician performance — ensuring the delivery of safe, high-quality, evidence-based and person-centred care in compliance with KFSHRC governance, CBAHI, MOH, SCFHS and CHI requirements.

## Essential Duties & Responsibilities

**1. Medical Leadership**

i. Provide strategic and professional leadership for all medical and clinical services, aligned to the hospital strategy.
ii. Lead and develop clinical department heads, consultants and medical staff, and foster a culture of clinical excellence.
iii. Chair the Medical Executive Committee and the hospital medical committees, and represent medical affairs to the CEO, Board, KFSHRC and regulators.

**2. Clinical Governance & Quality**

i. Ensure effective clinical governance, clinical risk management, and medical quality and patient-safety programmes.
ii. Ensure clinical CBAHI accreditation readiness, SCFHS/medical licensing and regulatory compliance.
iii. Develop, maintain and enforce the medical staff bylaws, rules and regulations, and oversee medical credentialing, privileging, peer review and physician performance management.

**3. Clinical Operations & Stewardship**

i. Oversee medical-staffing plans, clinical resource utilisation and the medical-affairs budget.
ii. Ensure effective clinical pathways, utilisation review, and improved clinical outcomes and patient experience.

**4. Quality, Patient Safety & Accreditation**

i. Comply with CBAHI and MOH standards applicable to the role.
ii. Participate in quality improvement projects, audits, incident reporting and root-cause analysis.
iii. Report patient-safety events, near-misses and hazards through the approved reporting system.

**5. Additional Responsibilities**

i. Perform additional duties or projects as assigned by the Chief Executive Officer.
