Department	Transportation / Facilities & Support Services	**Division**	Support Services
Grade	FS1	**Reports to**	Transport Supervisor / Facility Manager
Supervises	None	**SCFHS licence**	No

Job Summary

Provides safe and reliable driving and transportation services for Almather Hospital — transporting staff, authorised passengers, documents, supplies and specimens — while maintaining the assigned vehicle and complying with Saudi traffic laws and hospital policies, under the supervision of the Transport Supervisor.

Essential Duties & Responsibilities

1. Drives hospital vehicles safely to transport staff, authorised passengers, documents, mail, supplies, and specimens between the hospital and designated destinations as directed.
2. Plans and follows the most efficient and safe routes, and adjusts for traffic and road conditions to ensure timely arrival.
3. Verifies and safeguards items being transported — documents, parcels, supplies and specimens — and obtains signatures or confirmation on delivery as required.
4. Transports specimens and medical items in accordance with handling, packaging, cold-chain and infection-control requirements where applicable.
5. Assists passengers, including staff and visitors, with safe entry, seating and exit from the vehicle, giving appropriate assistance to those with mobility needs.
6. Performs daily pre-trip and post-trip vehicle inspections (fuel, oil, tyres, lights, brakes, cleanliness) and reports any defects to the Transport Supervisor.
7. Keeps the assigned vehicle clean, fuelled, serviced and roadworthy, and ensures scheduled preventive maintenance is carried out on time.
8. Maintains accurate trip logs, mileage records, fuel receipts and delivery records, and submits them as required.
9. Complies with all Saudi traffic laws and regulations, speed limits, and hospital transport and safety policies at all times.
10. Ensures valid vehicle registration (Istimara), insurance and inspection are current, and that the required documents are carried in the vehicle.
11. Responds to urgent or on-call transport requests promptly and professionally as assigned.
12. Reports accidents, incidents, traffic violations and vehicle breakdowns immediately to the Transport Supervisor and follows the approved procedure.
13. Maintains confidentiality and professional conduct, and follows all hospital policies and procedures; performs other related duties as assigned.

Qualifications: Education, Training & Experience

1. Education — Primary/secondary education; ability to read and understand road signs and basic instructions in Arabic and/or English.

Uncontrolled when printed. Verify the current version with the Quality Management Department.

2. Experience — 1–2 years of professional driving experience is required; hospital or institutional driving experience is preferred.
3. Licence / Certification — Valid Saudi driving licence appropriate to the vehicle class is required, with a clean driving record. Defensive-driving or first-aid/BLS training preferred. No SCFHS licensure required.

Skills

1. Driving Skill: Safe, defensive driving and vehicle operation across the service area.
2. Communication: Clear communication with the transport team and passengers.
3. Teamwork: Effective collaboration under supervisor direction.
4. Vehicle Care: Daily inspection, cleanliness and basic maintenance awareness.
5. Reliability: Punctuality, route planning and time management.
6. Organisation: Trip logs, records and documentation.

Knowledge

1. Safe driving practices, defensive driving and vehicle operation.
2. Saudi traffic laws, regulations, road signs and routes within the service area.
3. Routine vehicle inspection, basic maintenance checks and fault reporting.
4. Safe handling and transport of documents, supplies and specimens, including infection-control precautions where applicable.
5. Knowledge of patient/passenger confidentiality and the hospital Code of Conduct.
6. Knowledge of applicable KSA transport and safety regulations relevant to the role.

Attitude & Behaviour

1. Respect & Integrity
2. Patient-Centred Approach
3. Accountability
4. Continuous Learning
5. Teamwork & Collaboration
6. Confidentiality
7. Professionalism
8. Adaptability & Resilience
9. Compassion & Empathy
10. Commitment to Safety

Physical Requirements

- Prolonged periods of driving and sitting, with good vision and reflexes.
- Ability to lift and load supplies and parcels (up to ~20 kg) with safe technique.
- Manual dexterity and coordination for safe vehicle operation.
- Exposure to road, weather and traffic conditions; use of PPE when handling specimens/supplies.
- Shift work, night shifts and on-call transport duties as required.
