Supply Chain Supervisor – P&C

Supply Chain Management · Administration & Operations

Job title	Supply Chain Supervisor – P&C	**Job code**	JD-HRM-104
Department	Supply Chain Management	**Division**	Administration & Operations
Grade	EC3	**Reports to**	Supply Chain Director
Supervises	Supply Chain Specialist – P&C; Supply Chain Associate – P&C	**SCFHS licence**	No

Job Summary

The Supply Chain Supervisor – P&C leads the day-to-day operations of the Procurement & Contracting Unit, supervising a small team responsible for the full procurement and contracting lifecycle, to ensure procurement and contracting activities are completed on time, on budget, and in compliance with the approved Supply Chain Manual, DoA and applicable policy.

Essential Duties & Responsibilities

1. Team Supervision

i. Supervise, coach, and develop the Supply Chain Specialist – P&C and Supply Chain Associate – P&C.
ii. Set individual work priorities and performance expectations, and provide regular performance feedback.
iii. Ensure adequate coverage, training, and workload balance across the unit.

2. Procurement & Contracting Operations

i. Oversee the full procurement and contracting lifecycle, including procurement planning, requisition review, sourcing, RFQs/tenders, evaluation, negotiation, award recommendation, purchasing, contracting, contract administration, amendments, renewals, termination and close-out, for accuracy and timeliness.
ii. Work with requesting departments and end users to understand requirements, develop and confirm specifications or scope of work, clarify procurement needs, coordinate evaluations and obtain the required operational, clinical or technical input throughout the procurement process.
iii. Coordinate with suppliers throughout the procurement and contracting lifecycle, including sourcing, quotations/tenders, clarifications, negotiations, contracting, performance matters and other required follow-up.
iv. Review procurement and contracting documents and transactions, and approve or escalate them in accordance with the applicable DoA and Operational Roles Matrix.
v. Ensure procurement and contracting activity complies with the Supply Chain Manual, approved sourcing requirements, budget controls, DoA and audit requirements.
vi. Coordinate evaluations, commercial clarifications and negotiations, and support the relevant evaluation panels, recommendations and approval process as required.
vii. Coordinate contract preparation, review and execution with Legal, the requesting department, suppliers and other relevant parties, and oversee post-award contract administration including obligations, amendments or variations, performance issues, renewals, expiry, termination and close-out.
viii. Monitor supplier performance and address or escalate supplier, pricing, commercial, contractual, delivery or non-performance issues as required.
ix. Ensure procurement, contract, supplier and approval records are complete, current and properly maintained in the approved systems and registers.

x. Monitor procurement actions, contract milestones, expiry and renewal dates, supplier commitments and other P&C actions requiring follow-up, and ensure they are completed or escalated on time.
xi. Coordinate and follow up with all relevant internal and external parties required to complete procurement and contracting activities, including requesting departments/end users, Finance, Legal, clinical and technical teams, Quality, IT, Logistics & Inventory, suppliers and other specialist advisors as applicable.
xii. Perform and oversee other Procurement & Contracting activities reasonably required for the effective operation of the Unit, as assigned by the Supply Chain Director.

3. Reporting & Collaboration

i. Monitor procurement and contracting KPIs , workload, contract status and key risks, and report unit performance and exceptions to the Supply Chain Director.
ii. Coordinate with the Logistics & Inventory Unit on supply requirements, availability, lead times, receiving issues and other matters affecting procurement or supplier performance.
iii. Prepare and coordinate procurement and award recommendations for review by the Director, evaluation panels and approving authorities, as applicable.
iv. Coordinate with Finance on budget and financial controls, Legal on contractual matters, and requesting departments/end users throughout the procurement and contract lifecycle.

Qualifications: Education, Training & Experience

1. Education — Bachelor's degree in Business Administration, Supply Chain, or a related field.
2. Experience — 5-7 years of procurement or contracting experience.
3. Experience — 2+ years of experience supervising or leading a small team.
4. Experience — Healthcare purchasing experience preferred.
5. Certification — CPSM, CPP, or equivalent purchasing/contracting certification is an advantage.

Skills
