Supply Chain Associate – P&C

Supply Chain Management · Administration & Operations

Job title	Supply Chain Associate – P&C	**Job code**	JD-HRM-106
Department	Supply Chain Management	**Division**	Administration & Operations
Grade	EC1	**Reports to**	Supply Chain Supervisor – P&C
Supervises	None	**SCFHS licence**	No

Job Summary

The Supply Chain Associate – P&C supports the day-to-day execution of procurement and contracting activities, including requisition processing, sourcing support, purchase orders, supplier follow-up, contract administration and record management. The Associate handles routine activities under established procedures and supports the Specialist and Supervisor on more complex procurement and contracting requirements.

Essential Duties & Responsibilities

1. Procurement & Purchasing Support

i. Check and process routine purchase requisitions and purchase orders in accordance with approved procedures and workflows.
ii. Obtain quotations and supporting information from suppliers for routine purchases and assist with RFQs, tenders and other sourcing activities.
iii. Follow up with requesting departments/end users to obtain missing information, specifications, approvals or other documentation required to progress procurement requests.
iv. Prepare routine procurement documents, quotation comparisons and supporting documentation for review by the Specialist or Supervisor.
v. Track purchase orders and outstanding procurement actions, follow up with suppliers and internal parties, and escalate delays or issues when required.
vi. Maintain accurate supplier, item, pricing, purchase order and other procurement data in the approved ERP system and registers.

2. Contract & Supplier Support

i. Support contract preparation, execution, amendments, renewals, expiry and close-out by preparing documentation, obtaining required information and following up outstanding actions.
ii. Maintain contract records and update contract registers, including key dates, renewal and notice periods and other required information.
iii. Follow up with suppliers on quotations, documentation, order confirmations, delivery status and other routine commercial or contractual matters.
iv. Support collection and documentation of supplier performance information and follow up agreed actions as directed.

3. Coordination Support

i. Act as a day-to-day contact for routine procurement enquiries and provide requesting departments/end users with accurate status updates.
ii. Coordinate and follow up with Finance, Legal, Logistics & Inventory, clinical and technical teams, suppliers and other relevant parties as required to progress assigned procurement and contracting activities.

iii. Support the Specialist and Supervisor with supplier research, sourcing, evaluations, evaluation panels, contract documentation and other procurement and contracting activities as assigned.
iv. Escalate delays, supplier issues, missing information, non-responses and exceptions that cannot be resolved at Associate level.

4. Records & Reporting Support

i. Maintain complete and organized procurement and contract files, including quotations, approvals, purchase orders, contracts, correspondence and supporting documentation, to maintain an appropriate audit trail.
ii. Prepare and update procurement, purchase order and contract status reports, trackers and registers as required.
iii. Support data validation, reconciliation and correction of procurement, supplier, purchase order and contract records.
iv. Provide accurate status information and highlight overdue actions or issues to the Specialist and Supervisor.
v. Perform other Procurement & Contracting activities reasonably required for the effective operation of the Unit, as assigned by the Supply Chain Supervisor – P&C.

Qualifications: Education, Training & Experience

1. Education — Diploma or Bachelor's degree in Business Administration, Supply Chain Management or a related field.
2. Experience — 0–2 years of relevant experience in procurement, purchasing, supply chain, contract administration or a related field; fresh graduates may be considered.
3. Certification — None required.

Skills

1. Good computer skills, including Microsoft Office, particularly Excel; ability to learn and use procurement and ERP systems.
2. Ability to manage multiple tasks, maintain accurate records and follow actions through to completion.
3. Accurate data entry skills.
4. Reliable and detail-oriented.
5. Responsive and organized under routine deadlines.
6. Able to follow established procedures, communicate effectively and escalate issues appropriately.

Knowledge

1. Procurement, sourcing, tendering, quotations and contract-management practices.
2. ERP procurement/purchasing systems, purchase orders and supplier documentation.
3. Healthcare supply chain, product standardization, Delegation of Authority and supplier management.
4. Knowledge of applicable KSA laws, regulations and the hospital Code of Conduct.
5. Knowledge of confidentiality, data-protection (PDPL) and information-governance obligations.

Attitude & Behaviour

1. Respect & Integrity
2. Employee-Focused Service
3. Accountability
4. Continuous Learning
5. Teamwork & Collaboration

6. Confidentiality
7. Professionalism
8. Adaptability & Resilience
9. Fairness & Impartiality
10. Commitment to Compliance

Physical Requirements

- Primarily office-based with prolonged computer and screen use.
- Occasional movement across stores, warehouse and hospital departments.
- Ability to work under pressure and meet deadlines.
